PROFILE

I am a dedicated, hardworking and proactive engineer with a great passion for data science. I have solid work experience in data analytics, statistics and programming. I am eager to learn while enjoying new challenges.

SKILLS

Programming ●●●●○

Machine learning ●●●●○

Databases ●●●○○

Visualization ●●●●○

Statistics ●●●●●

Planning ●●●●○

LANGUAGES

Catalan & Spanish - Native

English - Excellent

German - Essential

EXPERIENCE

Data scientist & Biomedical engineer

University of Barcelona | 2018-present

Early stage researcher

University of Barcelona | 2015 - 2018

EDUCATION

Biomedical Engineering PhD

University of Barcelona | 2015-expected spring 2019

Visiting PhD student

University of Oxford | 2018

Postgraduate course: Introduction to Data Science

University of Barcelona | 2016

Biomedical Engineering Master & Bachelor

University of Barcelona & UPC | 2010-2015

PROGRAMMING

Python & R & Matlab & Bash scripting & Linux - Excellent

Java - Essential

SQL & Keras & Deep learning - Medium

Power BI - Medium

Microsoft office - Excellent

AWARDS

1st prize Cajamar University Hack 2017

Visualization prize. Accenture dataton 2016

PUBLICATIONS

11 papers: 3 first author and 8 co-author
